Khushi Patel

Computer Information Technology Student

khushi-akshay.patel.610@my.csun.edu | (747) 366-2891

Computer Information Technology student at California State University, Northridge, with a minor in Business Analytics. Interested in information technology, database systems, web development, and business analytics.

Work Experience

Student Assistant
David Nazarian College of Business and Economics
Present

Processed impact journal publication awards and check requests for faculty. Created room reservations, maintained office supply inventory, provided key cards, and regulated college postings.

Social Media Manager
March 2021 - August 2022

Created written content, edited images, designed infographics, responded to clients, and analyzed current trends.

Academic Projects

Flight Reservation System (January 2026 - May 2026)
Developed a JavaFX application connected to Supabase PostgreSQL using REST APIs. Implemented flight search, dynamic pricing, seat availability, booking confirmation, and an admin panel.

IT Help Desk Ticketing System (August 2025 - December 2025)
Designed a support workflow with ticket submission, priority categorization, status tracking, SQL database management, and Python backend logic.

Education

California State University, Northridge
Bachelor of Science in Computer Information Technology
Minor in Business Analytics
Expected Graduation: Spring 2027 | Current GPA: 3.32

Leadership Experience

College Fair Server - David Nazarian College of Business and Economics (September 2024 - Present)
Led stations, distributed school resources, and supported an event serving 500 students.

Teacher Assistant - Humankind NGO (September 2022 - December 2022)
Assisted students with grading, scheduling, technical issues, and computer-based tests.
